The Cambrian \$10,000 bond election carried by a vote of 20 to 1. Now for the school reconstruction.

Mr. and Mrs. Jas Turner went to Carmel Sunday to look after their cottage repairs before the summer season begins.

Misses Alice and Elizabeth Duncan were home for the week-end to see their mother who is steadily improving since her operation.

Fraser Hancock is home from Richmond for a two weeks vacation and C. E. and wife were home for the week-end with relatives.

Misses Nellie and Lottie Hayes of Chenoa, Ill., arrived Friday for an extended visit with their brother, S. L. Hayes, and family.

S. G. Nelson has completed the erection of his new garage and Mr. Hyatt will begin at once on the building of his new home on Second Street.

Mr. and Mrs. Theo. Farrell of Escanaba, Mich., were week-end guests of their old time friends, Mr. and Mrs. W. T. Alexander. They started for home Monday.

Mr. and Mrs. W. T. Morton, with Mrs. Morton's sister, Mrs. Charles McDonald of Portland, Oregon, are planning to leave Sunday to spend a week at Long Beach.

I am now getting in my stock of Men's Elk-skin Shoes for the summer. Prices, \$4.00, \$4.50, \$5.00 and \$5.50. All leather. See them. E. E. Sower, Shoe Repairing. 42-44

Mr. and Mrs. R. Henry Hyde and Homer went to Chowchilla Wednesday to spend two weeks with Mrs. Hyde's sister, Mrs. Leon Miller. He is steadily improving and the change will do him good.

W. C. and Floyd Bennett took their wives, sisters, Misses Grace and Lois, and their parents, Mr. and Mrs. Jos. Bennett, to Carmel Sunday for an outing and joy ride on Monterey and Lobos points.

A fellowship supper and social will be held at the Congregational church this Friday evening at 6:30 o'clock. The occasion is especially planned as a reception to the recent additions to the church membership.

Ralston Alison was officially made manager and R. G. Archibald, assistant manager, of the local branch of Garden City Bank & Trust Co., Tuesday, although they have been acting in such capacities since J. F. Duncan was transferred to San Jose. Both men are well qualified to fill their positions and are deserving the promotion.

Russell L. Harie, a former Campbell high school student, announces to his friends that he is now located at Genas's store as the personal representative of the L. H. Bullock Co. distributors of the Apex Electric Washer. Mr. Harie spent four years as a naval electrician and says that during those years he learned a few things electric and a good many things about washing clothes. He possibly came in contact with more things electric, but the washing was such a shock to him that he can't do it.

New Garage Building For Campbell

E. C. Merrill began the wrecking of his hay and feed barn on Campbell avenue Wednesday preparatory to the erection of a new modern garage and service station. I. H. Grim, proprietor of the Orchard City Garage will enter a partnership with Mr. Merrill for the garage department and Mr. Merrill will continue his wood, coal and trucking business as at present but will ultimately turn the hay trade to some other party.

The location is an ideal one for a garage and machine shop and with these two popular and efficient men at the head, their patronage should steadily increase.

The building will have 50-foot frontage on Campbell avenue and 100 feet deep on Dillon avenue with plaster front and will be equipped with modern tools and machinery. A full line of tires, repairs, accessories and oils will be carried in stock.

Johnson Club Rally

Col. Weinstock of state-wide note will be in Campbell Saturday evening to address a citizens' meeting on "Why you should support Hiram Johnson for the presidency." The Colonel is very well and favorably known in this county and with his timely topic should have a big house. He has had a great deal of experience with Mr. Johnson and his great accomplishments for California and is in a position to speak from first hand. Arrangements have been made to hold this Johnson rally at the Odd Fellows banquet hall. A Johnson Club will be organized at that time. Everybody is invited to hear the Colonel and join the club if they wish. Tell your friends the time and place.

Blue Bird Party

Mr. and Mrs. E. R. Kennedy entertained a party of their friends Friday evening in honor of Mrs. E. A. Gregory of Newman.

The plan of the party was centered about the "Bluebird for happiness" motif, the motif being carried out in invitations, score cards, awards and so on.

Throughout the evening music was enjoyed, Miss Florence Kennedy, Mr. and Mrs. W. B. Kammerer; Dr. W. I. Merrill, and H. C. Smith contributing various numbers. One selection that was especially pleasing was a duet sung by Mr. and Mrs. Kammerer. One delightful feature was the impromptu solo dancing of little Helen Gregory, the infant daughter of the guest of honor, who is a natural artist in the expression of rhythm.

An original game, involving the finding of names of birds was played by couples and elicited much amusement. Later progressive ruck was enjoyed and much cheerful rivalry developed.

Most appetizing refreshments were served, Mrs. Palmer assisting. The company lingered to a late hour, loathe to end such a pleasant evening.

Mrs. Gregory and daughter left Saturday evening for El Segundo where they will reside.

Elimination Contest Held C.U.H.S.

The Shakespearean Reading contest held Monday afternoon at the High School to decide who should represent Campbell at the inter-school contest at Berkeley Saturday, was a very good exhibition of work of that nature.

There were eight girl competitors and three boys, and each had chosen a selection from one of the plays of Shakespeare. A few of the most commonly recited passages were barred, otherwise the students made their own selections.

The contestants and their selections were: Portia's speech to Bassanio preceding the opening of the caskets, Mer. of Venice, Act 3, Sc. 1, Emily Duncan; Mildred Nelson; Portia's speech after the choice, Gladys Merriman, Lucille Alison; Queen Katherine's speech from Henry 8, Act 3, Sc. 1, Katherine Farwell, Dorothy Merriman; from Act 2, Sc. 4, the same, Marion Everett; Juliet, Romeo and Juliet, Act 4, Sc. 3, Dorothy Martin; Henry 8, Act 3, Sc. 2, Wolsey's speech, Harold Oumet; Mer. of Venice, Act 1, Sc. 3, Shylock, Oscar Seagren; Act 1, Sc. 2, Hamlet's speech, Russell Crawford.

The young people all did very well indeed and although only two could win, the benefits derived from becoming familiar with this great writer's works, from the commission and declamation before an assembly of such a selection cannot be over-estimated.

Mrs. Jan Kalas, Mrs. Lillie F. Shaw and Mrs. I. W. Snow acting as judges, gave their decision in favor of Emily Duncan and Harold Oumet. The decision involved the carrying quality of voice, interpretation of the part, dramatic effect and other points.

Mrs. Ellen R. Smith representing the Country Women's Club, presented to the school a cup, on which the names of the successful contestants each year will be engraved. The cup bears the following wording: "Country Women's Club Cup For Excellence in Dramatic Reading. C. U. H. S."

In giving the cup, Mrs. Smith spoke of the interest which the Club has in encouraging the study of good literature and promoting objects that will increase such interest.

Mr. Snow accepted the trophy on behalf of the school and expressed the thanks of the students and faculty to the Club.

The Broom, the House, and the Housekeeper

The broom is the symbol of social progress. The primitive housekeeper, the cave woman, having no broom, picked up the scraps from her dirt floor by hand. By and by some clever woman bound a few straws to the end of a stick. Now she could sweep the litter to one spot and pick it all up at once. This method was quick and thorough. Her cleaner floor resulted in a sense of pride. Pride begat discontent. Discontent demanded better housing. And so the human race left caves, and in time, developed modern dwellings—all because of a few straws once crudely bound to the end of a stick.

But the present day housekeeper owes more to the broom—more than even this gift of the modern house. All the progress from the days when the marriage ceremony consisted in the man's stunning the woman with his war club, and the honeymoon journey was his dragging her by the hair to his cave, there to be his slave—all the progress from those days down to these times of church weddings, trips to Yosemite, and equal suitrage, dates from the hour the cave woman first appealed to her mate's finer nature by that home made cleaner with a few straws bound to the end of a stick.

The broom, then, because of its important place in history, has great distinction. It is worthy the highest honor—but, of course, some brooms are better than others, which accounts for the celebrity of one found at Blaine's, that famous broom called a "Blue-J." A dollar and a quarter buys this broom in the medium size, the No. 6, but for housekeepers who like a larger one there is the No. 7 at a dollar-forty. Both of these sizes are of the finest and most durable straw, bound to a smooth, splinterless, and highly polished stick.

Los Angeles.—Japanese control 38,716 and Chinese 2,176 acres of the richest agricultural land in Los Angeles county, according to a report completed by the board of supervisors.

San Francisco.—The funeral of Major Elred D. Warfield, prominent officer of the 16th infantry, who died on Thursday, April 8, was held April 10, from the post chapel at the Presidio. Interment was at the National Cemetery.

Placerville.—According to an announcement made here, the El Dorado Post, American Legion, will exercise its option on the Shafsky Building which will be remodeled and used for a community building.

San Francisco.—The father of David Gardello, 6 years old, has appealed to the public to aid in finding the child who strayed from his home April 10. The boy's home is in Martinez and he is a stranger in this city. When last seen he wore a light hat and coat.

San Francisco.—Tony Freitas, a former pugilist, living at 2530 East Tenth street, Oakland, was shot and probably fatally wounded by his wife, Mrs. Emma Freitas, in the Twenty-third avenue Southern Pacific station, Oakland, last Saturday night.

Salinas.—The first rain for April which fell the 9th, measured 0.30 of an inch, making a seasonal total of 10.34 inches. The late rain will be of great benefit to growing crops, as well as to stock's feed, and is joyously welcomed by farmers and cattlemen throughout the Salinas valley.

Vallejo.—According to County Clerk G. G. Halliday, the total registration for Vallejo for the coming primary is 7600 and out of the above 4948 are Republicans and 1911 Democrats. The remainder of the county has 4750 voters, out of which 3238 are Republicans and 1189 Democrats. The grand total is 12,350 for Solano county.

San Francisco.—The marriage of Spencer C. Buckbee, of Buckbee, Thorne & Co., real estate firm, to Miss Clara Durbrow, niece of his first wife, took place April 10 at Buckbee's home, 5304 Clay St. Rev. W. K. Guthrie, pastor of First Presbyterian Church, officiated. There were no attendants. Miss Durbrow is a daughter of Alfred Durbrow of 2500 Leavenworth Street.

San Francisco.—Unconscious from the effects of drugs, Dr. Robert E. Gatz, Kentucky physician, and his wife, were taken to the Emergency Hospital April 10 from their apartments at the Argonaut Hotel, where the couple had registered several days ago from Los Angeles. At 3 o'clock in the morning hotel guests heard moans from Dr. Gatz's apartments. Attendants found the couple unconscious on the floor.

Nevada City.—The largest political club organized here for a quarter of a century has been formed to promote the candidacy of Senator Hiram Johnson for the Presidency. Republicans, Democrats, Progressives mingled in the organization, the president being Jo. V. Snyder, a Wilson presidential elector from California in 1916. George H. Calanan was elected president of the club and Frank M. Nilson secretary.

San Francisco.—When Robert Muegge opened his store at 460 Harrison street he discovered a man lying peacefully asleep in a litter of broken glass in the center of the floor. "Murder or worse," exclaimed Muegge, and summoned Detectives Bert Kelleher and Horace McGowan, who shook the sleeper into wakefulness. "Who are you and where did you come from?" asked the detectives. "My name is Oscar Matson and I live in a rooming house at 458 Harrison street," said the man, and then he gazed upward. The detectives followed his gaze and saw a broken skylight just above where the man lay. "I see it all now," said Matson. "I must have walked out of the window in my sleep and fell through this skylight. I don't remember it, though." He was unhurt.

Fresno.—M. C. Pittman was arraigned April 9 charged with the murder of Andrew Nicholson, an Oakland contractor, whom he shot to death two weeks ago after finding him in his home and in conversation with his wife. Pittman was held without bail for trial in the Superior Court. Nicholson and Pittman were friends, and the former boarded in the home of the latter for many months, later going to other quarters. He made frequent visits to the Pittman home and was welcome there. On the morning of the murder Pittman hid in the attic and as Nicholson was about to leave by the back door, Pittman leaped from the attic and shot Nicholson three times, who fell dead on the lawn at the rear of the home.

BOY SCOUTS MAKE STREETS SAFE

Youngsters Govern Downtown Traffic Without Hitch; Give Pedestrians the Best of It

San Francisco.—Boy Scout traffic regulations in downtown San Francisco last Saturday as a feature of the safety first drive was an unprecedented success, in the opinion of everyone who witnessed the work of the juvenile squad during the busiest hours of the day.

Although coached in the intricate functions of the traffic officer but a few times, the three hundred scouts gave the city a degree of safety that is said never to have been attained before.

It was because the people obeyed the Scouts according to Robert Roos, chairman of the safety first committee.

"Customarily the people ignore the usual traffic policemen, but the novelty of the situation made it simple for the boys to enforce every ordinance."

Many burly pedestrians attempted to dash by the warnings of the scout officer's signal. They were dragged back to their starting point by several scouts detailed for the purpose.

A man, a stranger to the city, bumped by a scout who controlled the traffic situation at Grant avenue and Market street.

"Come back", ordered the scout. "Do tell," answered the stranger, as he hopped across the street, avoiding oncoming street cars.

Then five scouts captured the stranger and kept him on the curb until the scout officer gave the signal.

"Jay walking" was an obsolete thing during the administration of the scouts.

According to the regular traffic squad the Boy Scouts gave the city a perfect showing.

Baby carriages, cripples and ladies were given, the preference at the crossings, while scores of stalled automobiles wondered what had happened.

"Automobiles have always had the right of way," said a scout policeman. "But today the fellow that walks is going to have his chance."

FORMER NAVAL OFFICER LEAVES TRAIL OF CHECKS

Alleged Victims' Losses Estimated at \$5000; Sought on Border

San Francisco.—Accused of having cashed ninety worthless checks in San Francisco, from which he realized \$5000 or more, Evans A. Powell, a paymaster in the United States navy during the war and said to be the scion of a well-to-do Tennessee family, is the object of a search by city, state and federal detectives.

Between March 29 and April 5, Powell is said to have cut a wide swath in San Francisco with the proceeds of his worthless check game, according to agents of the Department of Justice. It is said that Powell was host at many formal dinner parties at the Hotel Fairmont and other hostilities.

The Department of Justice is concerned in Powell's apprehension because he is said to have posed as a navy paymaster after his discharge. It was on the representation that he was still in the service that Powell succeeded in cashing so many checks, according to San Francisco bankers who were bilked by him. The checks Powell is alleged to have cashed for a total of \$5000 or more were not questioned until the canceled paper was returned from the National capital, stamped "no funds".

The first public intimation that Powell was not a navy paymaster and that his checks were no good came when M. F. Polk of the Hotel Whitcomb obtained a warrant for Powell's arrest on a charge of having passed a worthless check on him April 5. According to Polk, Powell owes the hotel \$1000.

During his stay at the Whitcomb, Powell lived with his wife, who is said to be a San Francisco girl.

The day before the "no funds" canceled checks arrived from Washington, Powell and his wife disappeared. Department of Justice agents are keeping a sharp eye on the Mexican border, as they fear he will make an attempt to leave the United States.

The Federal agents have sent the following description of Powell broadcast: Age, 30; height, 5 feet, 7 inches; weight, 154 pounds; brown eyes, dark hair, tinged with gray; ruddy complexion.

DRAGGED FROM BED ON WEDDING NIGHT

Old Folks Forget When They Were Young and Spoil Honeymoon

Santa Rosa.—Harry Gianini of Wendling, giving his age as 21, and Helen Duckonski of Tormey, giving her age as 18, came here last Saturday afternoon, secured a license and were married by Justice M. T. Vaughan after which they put up at the Western Hotel as Mr. and Mrs. Harry Gianini and retired early.

About 8 o'clock the former employer of the couple arrived from Tormey and appealed to the Sheriff's office to locate and arrest the couple, claiming that the girl was only thirteen years old. The officers refused to act without legal authority and after some delay Constable J. J. Cox of Tormey wired the Sheriff he held a felony warrant and asked that the couple be taken and held pending his arrival.

Deputy Sheriffs J. M. Boyes and Gus Jewett visited the hotel and found the couple asleep but compelled them to arise, dress and accompany them to the county jail, where the girl was placed in the custody of the matron and the youth was locked up for the night. When questioned the girl admitted her mother said she was only 13, but she believed, she said, that she was older. The youth said he did not know anything about the girl's age. The constable's wire gave the youth's name as alias Johnson and the girl as Sirowarsky.

MAN ARRESTED AS 'BLUEBEARD'

Names of Oakland Women Found on List Believed to Be His Intended Victims

San Francisco.—Trapped and arrested upon suspicion of murder and bigamy, resulting from his alleged marriage to fourteen women under different names, Andrew Huit, alias James Wood, attempted suicide in San Diego April 10 while in custody of Los Angeles police, who had arrested him.

Huit is wanted by the police of Seattle in connection with the disappearance of Mrs. Louise Hilton there.

Tangled in the matrimonial net with Huit is Miss Nina L. Deloney, of San Francisco, whom he married here on December 9, 1919. He married her under the name of Charles Harvey. He gave his age as 40 and residence Carthage, Mo. The woman was 40 years old and from Valley Station, Ky.

Among his effects found in San Diego when the police went to search his rooms were letters from several women in Oakland and a list of names of twenty-three women whom the police believe were intended victims of Huit.

One of the letters was three pages of typewriting and signed "Irene". In this list was the name of Irene Nickson, 5118 Dover St., Oakland. In the letter the woman complains bitterly because Huit had not taken her to Australia as he had promised.

Other Oakland women in this list are Mabel K. Howard, address general delivery, and Mrs. Sarah Prather, 541 Sixty-sixth st., Oakland.

Also were found three marriage certificates bearing different names, a considerable amount of fine jewelry and several hundred dollars in Liberty Bonds among his effects. The jewelry found consisted of rings with precious stones, brooches, earrings, pendants, stickpins and three valuable watches. Some of the jewelry looked like heirlooms. Huit said that he had in safe deposit vaults papers showing his legal ownership to all.

Mrs. Louise Hilton, whose mysterious disappearance from Seattle resulted in the police hunt for Huit, was formerly Miss Alice Ludvigson, advices from the Seattle police said last night. Huit, the Seattle police said, answers the description of the man who married Miss Ludvigson under the name of Hilton. This was one of the aliases used by Huit in Los Angeles.

While being taken to San Diego Huit, as he stepped off the train in company with officers, whipped out a penknife and hacked his throat. He will recover.

DR. GORDON TALKS ON SPIRITUALISM

First Congregational Church Celebrate Their Fifth Anniversary

San Francisco.—The fifth anniversary of the dedication of the First Congregational Church was celebrated in conjunction with the Easter service.

The church was decorated with St. Joseph's and calla lilies, which banked the pulpit and the choir. Every seat in the large structure was filled long before the hour for service, and many worshippers stood during the entire service.

That the resurrection of Christ is the best attested fact of history was the theme upon which Rev. James L. Gordon, D. D., built his Easter sermon.

The resurrection of Christ from the dead is the fundamental fact of Christian belief, he said. He continued:

This fact of Christianity, which Jesus brought to men, gives answer to life. It explains the inexplicable. Without it, the laws of science fail to give a meaning to the universe and a man has no reason for being.

In speaking of the lectures to be given in the city by Sir Oliver Lodge, Dr. Gordon said he believed that Lodge had a message that was a distinct contribution to religion.

You can put me down as a spiritualist, Dr. Gordon said, and added: I believe there is a natural body and there is a spiritual body and that the death of the natural body only releases the spiritual body for a more glorious existence.

But, although I believe in spiritualism, I do not for one moment wish to indorse the extravagances of many poor misguided persons who have claimed to be receiving messages from the spirit world, nor do I wish to be held responsible for all the fools produced by the recent outpour board craze.

The chorus choir, under the direction of Henry L. Perry, sang "God Hath Appointed a Day", by Tours, and "Hosannah", by Granier. A special musical program was also given at the evening service.

Attorney-General of Nevada Announces He Will Bring Action at Minden

Reno, Nev.—Attorney General L. B. Fowler has issued a statement that he will bring suit in the Douglas county court at Minden to set aside the Mary Pickford divorce decree.

The suit will be based on alleged evidence of fraud and collusion in the divorce proceedings. Fowler also is credited in a statement published with saying:

The complaint will allege that the court had no jurisdiction, because the plaintiff had no residence, and the defendant was brought into Nevada as a matter of collusion.

Fraud has been committed and perjury has been committed. At this time, however, I am not prepared to say that any criminal action is to be brought against either Mrs. Owen Moore (Mary Pickford) or against the defendant in the divorce action. This, in fact, is a matter for the District Attorney of Douglas county to take care of.

Fowler calls attention to Mary Pickford's testimony concerning Owen Moore's presence at Minden. Fowler is further credited with saying: She first tried to explain to the court that Moore had come to Nevada to look for a coal mine, but changed this to "gold mine" at Judge Langan's suggestion.

She explained that he had first gone to Virginia City, but failing to find proper accommodations came to Minden. Was ever anything any more raw? Why should he go to Minden, where there are no gold mines, and why seek accommodations in that place, when he could have found plenty at Reno? No, both plaintiff and defendant tried in every manner to hoodwink the law and the State of Nevada.

MARINES TEACH NATIVE CACOS TO TELL TRUTH

On the theory that "sparks of hell" fly from the liar's tongue, the U. S. Marines in Haiti use original and novel methods of making the Cacos tell the truth. Most of these bandits are Voodoo worshippers and are subject to many superstitious beliefs.

Sergeant John McClaskey, of the Marine Corps Recruiting Station, 320 Market St., San Francisco, Cal., tells this interesting story of the "Voodoo Major of Marines."

Major Howard C. Judson, who in his boyhood days was a dabbler in electricity and who is now Provost in a certain small Haitian town, conducted an investigation the other day to locate a supply of arms and ammunition in the hands of bandits.

A few yards of wire, a switch, a connection to the lighting circuit, terminating on one side at his own metal-rimmed chair and on the other at the metal-rimmed chair assigned to witnesses, were all the simple preparations necessary.

After the Haitian witness had told obvious untruths about the disposal of certain arms and ammunition in this test took place:

"You lie and I will prove it," said the Major. He protruded the tip of his tongue and on touching it with his finger no sparks flew. "You see I am a truthful man."

"I will now prove that you are a liar. Stick out your tongue." The switch was turned on.

As his finger was about to meet the native's tongue a blue spark snapped across the tiny gap, a shock ran through both men, and the negro flung himself howling upon the floor.

He had not been hurt in the least, but the unexpected electric thrill plus the astonishing sight of the spark had broken the witness all up and his story now came forth freely and truthfully.

New tales of the "Marines of Many Marvels" are now rippling through the Haitian jungles, and the Cacos are learning to be reverent to the "Great Author of All Truth."

25-CENT SUGAR PREDICTED BY FRANK B. CONNOLLY

San Francisco.—Refined sugar will jump from 19 cents to 25 cents a pound in San Francisco within the next five days is the prediction of Frank B. Connolly, secretary of the Retail Grocer's Association. Connolly bases his prediction on the selling price of raw sugar in the New York market April 10. Cuban and Porto Rican sugar sold at \$17.43 a hundred pounds, the highest price ever paid for raw sugar. San Francisco prices for refined sugar closed at \$15.30 for California and Hawaiian and \$15.75 for Western.

Although approximately 20,000 tons of Hawaiian raw sugar arrived in San Francisco last week, it will have no effect on bringing about a reduction in price, sugar dealers said.

GOOD ROADS

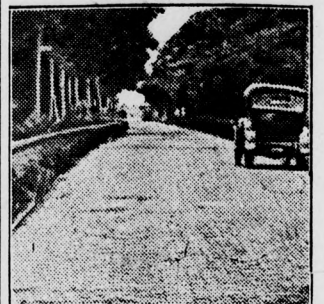

MORAL NECESSITY TO BUILD

To Maintain Happy and Prosperous People on Farms We Must Improve Rural Conditions.

(By J. DENNY O'NEIL, Pennsylvania Highway Commissioner.)

The problem confronting the highway department in these abnormal times when labor and material are so scarce and so high, is this: Shall we go ahead constructing new roads? I am convinced that good roads are an economic as well as a moral necessity. We must have food, and if we want boys and girls to stay on the farm to produce it, we must dig them out of the mud by building roads so they can get to market or to a railroad.

There are places in Pennsylvania where it costs more to haul farm products to a railroad station than it does to pay the freight to France. As in the past, the hope of the future from a moral point of view, is to maintain a happy, contented and prosperous people on the farms and in the small towns and villages. They don't produce I. W. W.'s, ballot-box stuffers, election fraud crooks, gun-

A Brick Road in Pennsylvania.

men and commercialized vice on the farms. These are the exclusive products of the cities, and if we want to keep the people away from the cities, we must give them good roads and do what we can to improve living conditions in rural communities.

FARMERS ARE BEHIND ROADS

National Grange Officers Confer With Senator Townsend on Bill He Has Introduced.

Proceeding in accordance with instructions given them at the annual meeting of the National Grange, held recently in Grand Rapids, Mich., Washington representatives of the organization, which comprises some 700,000 farmers, have conferred with Senator Charles E. Townsend of Michigan and will hold further meetings with him on the measures which he has introduced in Congress providing for a national highway system to be built and maintained by the government under the direction of a federal commission.

In a special report adopted at the grange meeting, it was held that the time has come when, with due regard for the present and future necessities for permanent, hard-surfaced highways, all the highway activities of the national government should be unified in a single administrative department under such limitation of powers as will secure the greatest possible degree of efficiency and economy in the expenditure of national funds.

VITAL IMPORTANCE OF ROADS

Modern Medicine Points Out There Are Few Physicians and Nurses in Rural Communities.

That good roads are of vital importance to the health of a community and particularly those who live in rural communities is shown in an article in Modern Medicine. It is pointed out by the writer that there are few physicians, few nurses, and practically no hospital facilities in rural districts. In some communities, even in older states, there is only one practicing physician to 1,500 population. Hardships of travel make young physicians scarce. Better highways, he points out, will lead physicians to go after country practice in increasing numbers.

HIGHWAY WORK IN WYOMING

Now Under Way \$2,500,000 Worth of Federal Aid Improvements—More to Follow.

There are now under way in Wyoming \$2,500,000 worth of federal aid highway improvements. These improvements are the first ones of a program contemplating the expenditure of \$6,000,000 in three years.

THREE PRINCIPAL DIVISIONS

Due Consideration Must Be Given to Location to Reduce Cost of Maintenance.

The three principal divisions of actual road making are location, construction and maintenance. In planning a road it is necessary that we take into consideration all three of these steps, since proper location affects the cost of construction and may materially reduce cost of maintenance.

THE BABY CAB.

THE BABY CAB.
The baby cab is a round-shoul-
dered vehicle which can be used
over and over again with satisfactory
results, and usually is.
Very few homes in which babies ap-
pear with cheerful regularity attempt
to get along without a baby cab.
This is because the average baby cannot
be carried for any great distance
without causing a fond father to
wheeze like a leaky accordion. We
have often wondered why it is that
a wife who is a model in other re-
spects will allow a two-year-old baby
to toddle down town, when she is
shopping, and then compel the father
to turn himself into a human back
by lugging the said baby home with
both lungs reaching out for more air
at every step.
In the early dawn of civilization
woman was kept in a lower sphere
and was obliged to get along with-
out baby cabs and kid curlers and
similar luxuries. The Indian wife and
mother carried her baby on her back.
In a neat crate, which was a sensible
and satisfactory arrangement all
around. Today, however, we see
thousands of embarrassed young hus-
bands compelled by their wives to
push a collapsible baby cab through
the crowded streets, wearing a sickly
look of resigned martyrdom.
Baby cabs are built in several mod-
els, and can be made to accommodate
twins or triplets with perfect ease.
There is nothing more inspiring to all
who love our country and delight to
watch it grow than the sight of a

STOP! CALOMEL IS QUICKSILVER

It's mercury! Attacks the bones,
salivates and makes
you sick.

There's no reason why a person
should take sickening, salivating
calomel when a few cents buys a large
bottle of Dodson's Liver Tonic—a per-
fect substitute for calomel.
It is a pleasant, vegetable liquid
which will start your liver just as
surely as calomel, but it doesn't make
you sick and cannot salivate.
Children and grown folks can take
Dodson's Liver Tonic, because it is per-
fectly harmless.
Calomel is a dangerous drug. It is
mercury and attacks your bones. Take
a dose of nasty calomel today and
you will feel weak, sick and nauseat-
ed tomorrow. Don't lose a day's
work. Take a spoonful of Dodson's
Liver Tonic instead and you will wake
up feeling great. No more bilious-
ness, constipation, sluggishness, head-
ache, coated tongue or sour stomach.
Your druggist says if you don't find
Dodson's Liver Tonic acts better than
horrible calomel your money is wait-
ing for you.—Adv.

MEMORY.

I stood and watched him playing.
A little lad of three;
And back to me came straying
The years that used to be;
In him the boy was Maying
Who once belonged to me.
The self-same brown his eyes were
As those that once I knew;
As glad and gay his cries were,
He heaved his laughter, too.
His features bright and size were
My baby's, through and through.
His ears were those I'd sung to;
His chubby, little hands
Were those that I had clung to;
His hair in golden strands
It seemed my heart was strung to
By love's unbroken bands.

Prof. Snow Goes To Los Gatos

Prof. I. W. Snow has been elected to
the superintendency of the city schools
at Los Gatos. He has been principal of
the Campbell High for the past eight
years, and has been a big factor in plac-
ing the local school on its high plane of
efficiency.

His move comes as a great surprise to
the patrons of the district, but the very
substantial increase in salary and pro-
motion to a superintendent's position
are inducements not to be lost sight of.

He has been closely associated with
various movements in this community
for its advancement and progress and
his influence will be missed. To date,
no official action has been taken by the
board, as his resignation has not been
tendered, but he stated to the Press rep-
resentative that this would be done
shortly.

Mrs. Snow, a very active party to the
various local drives and campaigns, and
prominent in the Country Woman's Club
will leave a well-wishing community.
Mr. Snow is to be complimented on
his new position, which gives promise
of better ones to follow.

Cow Wears Stockings to Keep Off Flies.
Joe Herman of Alton, Ill., has put
stockings on his cow. Herman's cow,
bothered by flies, had kicked over so
many buckets of milk at 14 cents a
quart that the owner grew desperate.
So he cut off the feet of stockings and
used rubber bands for garters.

Dear Friends

Of course your husband still loves
you, and you cherish your health, ap-
pearance, and the nice sweet smelling
clothes that are yours without the week-
ly struggle with the laundryman, or the
back breaking, knuckle-wearing, hand
wringing work over a steaming wash tub.
If you could only experience that
wonderful feeling that comes with the
realization that intelligent washing ma-
chine arguments are facts. Just think
of it; the hardest day's work that you
have to do will be done by a machine,
easily, efficiently. You take a great
deal of pride and pleasure in nice, white
linen and soft, clean underthings, don't
you? And you like to get them all
back—from the clothes line—and other
places.

There is only one thing left for you to
decide, and that is which washer is the
best. We believe that there is only one
manner in which this can be found out.
If you could have all of the best washers
in each class in your own home for
several years, you could come pretty
near telling which was the best, couldn't
you? Of course that would be imprac-
tical and unnecessary, because that very
thing has been done for you.

Six years ago a man in Oakland made
his start in the washing machine busi-
ness. He realized that it had a great
future and that in a few years some one
type of washer would prove to be the
best for those who used it, and therefore
the best for the man who sold it. Dur-
ing the past six years he has sold thirty-
two different washers comprising what
is publicly acknowledged to be the best
of each of the four types. During this
time an accurate record was kept of the
durability, efficiency and general satis-
faction given by each machine. Natu-
rally one machine proved to be superior
to all the rest. You can see The Apex
at Mr. Genasci's Store, Campbell.

NOTICE OF ELEC- TION

Resolution ordering that an election be held
in the proposed public highway lighting dis-
trict to be known as the Campbell Lighting
District of Santa Clara County for the deter-
mination of the question as to the formation of
such lighting district.

Whereas, application has been made by
the petition of more than twenty-five tax pay-
ers and residents of the proposed lighting dis-
trict hereinafter described to the Board of Su-
pervisors of Santa Clara County, State of Cal-
ifornia, and in which said lighting district is
situated, praying for the formation of a public
highway lighting district within an unincor-
porated town or village in said county of Santa
Clara, and setting forth the boundaries of said
proposed district as hereinafter set forth and
described.

And it appearing to said Board of Super-
visors, by due proof, that said petition is signed
by more than twenty-five residents and tax
payers of said proposed lighting district; and
that said proposed lighting district is wholly
without the limits of any incorporated town or
city, and that the population of said proposed
lighting district is less than ten thousand.

THEREFORE, Be It Resolved and Or-
dered by the Board of Supervisors of the county
of Santa Clara, State of California, that an elec-
tion be held in said proposed lighting district
on the 12th day of May, 1920, the polls to be
kept open from one o'clock p. m. until seven
o'clock p. m. of said day, the polling place to be
at Library Hall within said proposed lighting
district, for the purpose of determining the
question of the formation of a public highway
lighting district within said county of Santa
Clara, State of California, to be known and
designated as the Campbell Lighting District
of Santa Clara County.

It is Further Ordered that the following
named qualified electors of said proposed light-
ing district, be and are hereby appointed to
conduct said election, to-wit:

E. G. Lanz, Ivy Frost and C. A. Sutter.
It is Further Ordered that notice of said
election be given by posting notices thereof in
three of the most public places in said pro-
posed lighting district, and by publication
thereof at least once a week for not less than
fifteen days in Campbell Interurban Press a
newspaper printed and published at Campbell
County of Santa Clara, State of California.

The boundaries of said proposed lighting district
are as follows:
Beginning at a point in the center of the Los
Gatos Creek where the north line of the Page
Subdivision intersects same, and thence running
in a westerly direction along the said north line
of the Page Subdivision, to its intersection with
the center line of Page Street; thence along the
northerly projection of the center line of the Page
Street to a point 150 feet distant from the northerly
line of the Page Subdivision; thence in a
westerly direction, parallel and distant 150 feet
northerly from the north line of said Page Sub-
division to the westerly line of the right of way of
the Southern Pacific Railroad Company; thence
northerly along said westerly boundary of said
right of way to the southeast corner of lands
of J. O. Souto; thence westerly along the south
line of lands of J. O. Souto to a point 150 feet
east of the east line of Central Avenue, thence
northerly and parallel to said east line of Central
Avenue and distant 450 feet easterly therefrom to
the intersection with the northerly line of Lot 10
of the Sly Subdivision; thence westerly along the
north line of Lots 10 and 4 of said Sly Subdivi-
sion and its westerly projection thereof to its in-
tersection with the northerly projection of the
westerly line of the Moulton Tract; thence south
along the said west line of the Moulton Tract and
its northerly projection to the northerly line of
the lands of W. R. Williams; thence westerly along
the northerly line of said lands of Williams and its
westerly projection thereof to its intersection with
a line parallel to and distant 150 feet westerly
from the west line of Second Street; thence south-
easterly along said line parallel to and 150 feet distant
from the westerly line of Second Street to a point
distant 150 feet northerly from the north line of
Campbell Avenue; thence westerly parallel to
and distant 150 feet northerly from the north line
of Campbell Avenue to the east line of the Santa
Clara and Los Gatos Road; thence northerly along
said east line to its intersection with the easterly
prolongation of the north line of the 6 Acre tract
of land owned by S. N. Hedegard; thence westerly
along said northerly line of Hedegard and its easterly
prolongation to a point 300 feet west of the
westerly line of the Santa Clara and Los Gatos
Road; thence southerly, parallel to and 300 feet
distant westerly from the west line of the Santa
Clara and Los Gatos Road to a point in the westerly
prolongation of the center line of the Alley
running east and west through the center of
blocks 1 and 2 of the Sunnyside Tract; thence easterly
along the westerly prolongation of said center
line of said Alley, the center line of said Alley
and its easterly prolongation to its intersection
with the center of the Los Gatos Creek; thence
northerly down the center of said Los Gatos
Creek to the place of beginning.

Ready for Clean-Up

The Johnson Avenue Club met with
Mrs. T. J. Henderson Wednesday after-
noon when matters of interest were dis-
cussed and planned for.

It was decided to celebrate the annual
Clean-up Day on May fifth, when it is
hoped that everybody's yards not al-
ready "tid-up", will be put in order in
keeping with the beauty of the avenue.

The annual dinner will be held at the
home of Mr. and Mrs. A. F. Hills when
all the friends and neighbors of the ave-
nue look forward to a pleasant time.

Probably no better community spirit
can be found than that pervading this
club which enjoys doing things of bene-
fit to all.

Mrs. H. W. Higbie has secured her

are so unsettled and uncertain that she is

Just Where and How Is the Money to be Spent?

A businesslike Answer to
a businesslike Question

THIRTY denominations cooperating in the Inter-
church World Movement have budgeted their
needs. No business could have done it more scientifi-
cally.

They have united to prevent the possibility of dupli-
cation or waste. At least a million dollars will be saved
by the fact that thirty individual campaigns are joined
in one united effort.

Each denomination has arranged its budget under six
main heads:

**1 FOR THE CHURCH'S WORK
AT HOME.** A score of offerings come
under this head. Consider only one.
Five and a half million people in the
United States cannot even read and
write the English language. Who is
to carry forward this vast work of
Americanization if the church does
not?

2 FOR HOSPITALS AND HOMES.
Every year thousands of men and
women seriously ill are turned away
from Church hospitals because of
lack of room. The children's homes
are compelled to turn away more
children than they can receive.

3 FOR HIGHER EDUCATION. Of
the 450,000 American students in
institutions of higher grade, one-
half are in institutions founded and
supported by the Churches. Many of
these institutions have had no great
endowment campaigns, but their
needs are just as pressing as the
needs of larger schools; and you
have only to read their list of alum-
ni and alumnae to measure the value
of their contribution to America.

4 FOR RELIGIOUS TRAINING. At
least 12,000,000 children and young
people under 25 years of age are en-
tering American life without any
religious training at all. Remember-
ing the faith of Washington and
Lincoln, do you think that America
will continue to produce Washing-
tons and Lincolns if faith dies out
of the hearts of its youth?

**5 FOR THE CHURCH'S WORK
ABROAD.** Influenza came first
from the Orient thirty years ago;
nearly all plagues are Oriental
plagues. So long as China has only
one physician to every 400,000 people
the Orient will continue to be a
menace. So long as one-third of the
babies of India die before their sec-
ond year our own babies are not
safe. A Christian doctor or teacher
sent abroad is working for America
as truly as though he worked at
home.

6 PREACHERS' SALARIES. The
preacher is called the "forgotten
man," and well he may be. Eight
out of ten preachers are paid less
than \$20 a week!

Each denomination has its own detailed budget, and
will administer its own funds. Your pastor has copies
of the budget; examine them for yourself. In the week of
April 25th-May 2nd you will be given your opportunity
to help. You can do it with the full satisfaction of know-
ing that every dollar of your gift has its post assigned to
it in advance.

Every dollar for better America and a better world.
When your church calls on you give—and give with
your heart as well as your pocket-book.

April 25th
to
May 2nd
